

# Professional support opportunities

## Data & Analytics

The Ardonagh Analytics Lab provides world-class data and analytics insights for Ardonagh's portfolio of leading international businesses.

Founded in 2021, with 2022 its first year in operation, the aim of the Analytics Lab is to: 'Harness the power of Ardonagh's data to develop and deliver unrivalled risk insight and innovative data driven solutions to our colleagues, customers and insurance partners'.

Using leading edge technology, including Big Data, Machine Learning and Artificial Intelligence, the Lab delivers analytics and data insights for our businesses, customers and insurance partners.

Based in Mullingar, Ireland, the Lab now comprises a 30+ plus team of skilled professionals across a complementary set of disciplines, to power its progress as it develops a range of products for use across the business.

If Data and Analytics opportunities are of interest to you, please let us know in your application.

*Please note, the majority of our Data & Analytics roles are based at the Analytics Lab in Mullingar, Ireland.*
